

Text *Your Child's* Teachers.

Hello parents! We have a new system that allows you to text-message all of your child's teachers using any cell phone. Any time you have a question about a deadline, clarification about an assignment, or want an update about how he/she is doing in class, you'll be able to text us - just like you would with a friend or family member.

You'll also get reminders about conferences, deadlines, or anything else teachers feel you should know immediately. We won't share your information, and we won't text you unless we think it's important.

Please **sign up**, to help us get started:

1. Text _____ followed by your name
to _____

Example:
2. Answer a few short questions, and you're done!
